Anniversary Compilation (Konkord050)

KONKORD turns 50!

5 years and 50 releases - we have every reason to celebrate! This is why KONKORD, the likeable little record concern based in Vienna, has asked its artists to provide selected anthems of jubilation to populate a cultivated sampler with.

Thus we are happy to introduce the KONKORD Anniversary Compilation: on this fine album, our artists cover their colleagues, let previously unreleased tracks resurface, bring alternative versions of well-known hits into the open and even exclusively publish new tracks! Wonderful! Above all, this compilation is not available for sale - but as a free download from the KONKORD website or as a strictly limited sound recording for very special ears only!
